- B.E Computer Science   CGPA: 7.25

SRI MYLAI KARPAGAVALLI MAT. HR.SEC. SCHOOL   **April2020-March2021**
- Higher Secondary 12th   Percentage: 70.83

SRI MYLAI KARPAGAVALLI MAT.HR.SEC. SCHOOL   **April2018-March2019**
- SSLC   Percentage: 51.8

WORK EXPERIENCE

Techincal Support Engineer
Zhapix Techologies | Chennai September 2025 - Present

- Provide technical support and troubleshooting for production and operations teams.
- Monitor systems, identify issues, and ensure high service uptime.
- Collaborate with cross-functional teams to improve system efficiency and service quality.
- Use modern tools for issue resolution, reporting, and basic automation.

UI/UX Design
Zhapix Techologies | Chennai June 2024 - june 2025

- Gained hands-on experience in UI/UX design and usability principles.
- Contributed to building and maintaining the Zhapix company website using Zoho Sites.
- Designed wireframes, mockups, user personas, user journeys, and prototypes for the UIExpert Group project.
- Created responsive layouts and custom forms using Zoho Forms and Zoho Creator.

App Development

NSIC, Ekkattuthangal | Chennai, June 2023

- Developed Android applications using Android Studio and Java.
- Built three applications: Tic-Tac-Toe game, Calculator app, and Video Player.
- Strengthened mobile application development skills through hands-on projects.

PROJECT

Gesture-Based Smart Home Control

Feb 2025 – May 2025

- Developed a touch-free smart home system using Arduino Uno and IR proximity sensors.
- Enabled gesture-based control of lights and fans.
- Designed for accessibility, especially for elderly and disabled users.
- Delivered a low-cost, hygienic, and reliable solution.

Food Delivery App

Aug 2024 – Nov 2024

- Built a scalable food delivery platform using React.js, Node.js, Express.js, and MongoDB.
- Implemented JWT-based authentication for secure user access.
- Used Jest and React Testing Library for frontend testing.
- Performed backend API testing using Mocha and Chai.

Smart Transportation

Aug 2023 – Oct 2023

- Developed an IoT-based smart transportation solution.
- Integrated real-time bus tracking, route scheduling, and e-ticketing.
- Reduced paper usage and improved commuter convenience through digital solutions.
